PREFACE

IN presenting the Seventy-Fifth Annual Edition of the City of Hamilton Directory, we thank the business men and patrons in general for the liberal and enthusiastic support they have given us.

The number of names in the Alphabetical Section is 99,442. Wives' names approximate 40,000 making a grand total of 139,442, names in this section of the Directory.

The Street Directory shows some 56,000 listing including Householders, Firms, Offices, Buildings and Institutions. Our estimate of the population of the City proper is 215,000.

There are a number of persons whose names are in the directory who just live outside the city limits, and others who live in nearby municipalities including Bartonville, Hamilton Beach, Normanhurst and Strathbarton, so the residential and working population of greater Hamilton is 223,745.

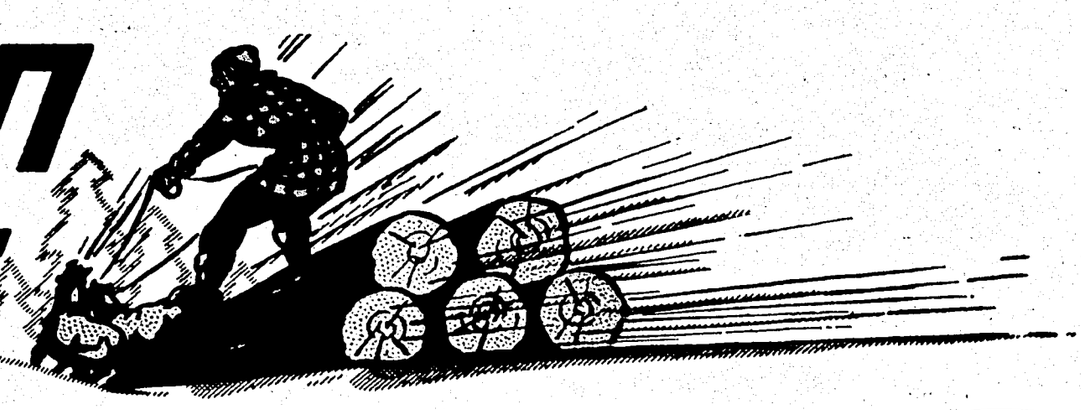
HURRY!



Most of us are in a hurry these days; in fact, one of the most predominant characteristics of our modern mode of living is the ever-increasing speed which is so much in evidence in our business and personal life. What with speedier methods being employed and the rapidly changing conditions, it becomes more apparent that unless you keep your business service constantly in front of the public, your service will be forgotten and your business suffer.

To avoid being forgotten and to increase your business we would suggest that you advertise in the:—
